## Pipe Inspection Camera:

- Handles most pipes from 1.5”-8”.
- Water Proof.
- 100' length possible.
- Turns corners!

We provide BOTH video and still images from our camera on DVD, CD-ROM, USB, Memory stick, or ANY other media the customer prefers.

Inspect:

- Plumbing and sewer lines, including “P” traps.
- Septic systems.
- In-ground storage tanks.
- Footing Drains.
- Under deck swimming pool lines.
- ANY HARD TO REACH AREA.

- Our color camera is engineered with advanced features to provide the brightest and clearest picture.
- Features the latest LED lighting technology.
- Your inspections will be easier with brighter, and higher detailed, video
